

Dear LDGGA Member:

The Lodi District Grape Growers Association board of directors is aware and concerned about the financial hardships endured by the growers in District 11 over the past few years. In response, we are offering the enclosed information to aid in your decision making process. This is the first in a series of educational packets LDGGA will be mailing to its membership in the coming months.

This packet includes the Crush Report analysis data, current market trends and profit/loss figures based on sample cost studies.

If you would like to review the 2005 Cost Analysis report from the University of California Extension office, you can view it on the web at www.cesanjoaquin.ucdavis.edu.

Sincerely,

A handwritten signature in black ink, appearing to be 'K. Lerner', written over a horizontal line.
